

Quick Start Guide

1 CHARGE

Push the battery up into the charger, and plug in the USB charging cable. The charger will show a red light while charging. Charge for 2 hours, or until the light turns green.

2 TURN ON

Insert the battery into the collar when the battery is fully charged. The collar's light will illuminate white momentarily while it boots up. If it doesn't, check to ensure the battery is fully inserted into the collar.

3 SETUP

Visit setup.wagz.com and follow the instructions to create your account. Install the Wagz app and sign in using the same Wagz login and password as the account you just created. Then follow the instructions to complete setup.

Wagz products require the free Wagz app, available in the Apple App Store for iOS devices or Google Play Store for Android devices.

4 GET GOING

Unleash the Freedom and enjoy doing more with your pet!
